

## Alaska Land Mobile Radio Talkgroup Development Policy

### 1. Applicability

This policy applies to all agencies operating on the Alaska Land Mobile Radio (ALMR) Communications System. Any revision or update of this policy must be approved by the User Council.

### 2. Policy

Unique talkgroups will be developed for each agency operating on ALMR using an established standard, which has been determined by the System Management Office. Talkgroups are 'owned' by the agency for which they are developed. An agency's talkgroup may not be shared with any other agency operating on the ALMR System without written permission of the owning agency.

### 3. Procedures

Regional or mutual aid talkgroups are shared by all agencies operating on the System and are requested and assigned by the appropriate Dispatch Center. The standard used is based on the parameters and limitations of the ALMR System. Further requirements are noted in ALMR Talkgroup Development Procedure 400-14.

### 4. Effective Date

This policy shall become effective upon signature and shall remain in effect until rescinded. The policy shall be reviewed periodically and updated, as required.
